Federal, State and Local Officials Requiring Authorization

From: Alabama Cancer Care, LLC

Re: Essential Work Notification

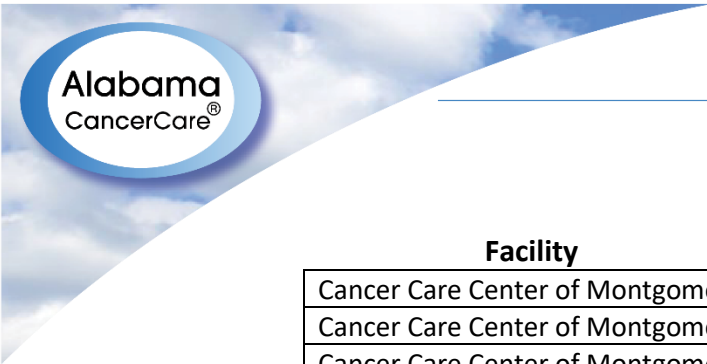

In response to the National Emergency COVID-19 epidemic, as a Health Care provider our clinics, **listed on the left** will have certain employees required to report to work for the purpose of providing health care support in the communities we serve across Alabama.

This letter will serve as notification and communication of exception, in that these employees are considered essential health care workers under the various guidelines provided by federal, state and local officials.

Please accept an electronic or printed copy of this letter. Please allow and except this individual's travel to and from work in Sylacauga, AL. Also included is a list of our essential workers on page 2. If questions arise please do not hesitate to contact me.

Sincerely,

Emily Shaw
